SUBJECT INDEX

A

Adult respiratory distress syndrome

Adult respiratory distress syndrome (ARDS): current management, future directions. Wiedemann HP, Tai DY. Jul/Aug 365

Agoraphobia

Panic disorder in primary care: A cause of unexplained symptoms. Muzina DJ, Malone DA. Sep 437

AIDS

A live-virus "suicide" vaccine for human immunodeficiency virus. Kestler HW, Chakrabarti BK. May 269

Airway obstruction

Negative-pressure pulmonary edema: a cautionary tale. Eid AA, Agabani M, Grady K. Mar 151

Alpha-hydroxy acids

Cosmetic use of alpha-hydroxy acids. Bergfeld WF. Jun 327

Alveolar infiltrates

Nonresolving alveolar infiltrates in a 43-year-old woman (Internal Medicine Board Review). Murphy TR, Sullivan EJ, Stoller JK. Jan 21

American Medical Association

A proper role for organized medicine: The AMA response (Letter). Seward PJ. Oct 455

A proper role for organized medicine: The AMA response (In Reply). Clough JD. Oct 456

Anaphylaxis

Managing latex allergy in patients and health care workers. Melton AL. Feb 76

Antiarrhythmic drugs

Cardioversion or rate control for atrial fibrillation: balancing risks and benefits (Cardiology Dialogue). Ellenbogen KA, Tchou PJ. Jan 31

Antibiotic therapy

Management of bite wounds and infection in primary care. Kelleher AT, Gordon SM. Mar 137

Anticancer drugs

From serendipity to design: the evolution of drug development in oncology. Peereboom DM. Mar 155

Antifungal agents

The role of azole antifungal agents for systemic antifungal therapy. Lee Y, Goldman M. Feb 99

Antinuclear antibody

Arthralgias, myalgias, facial erythema, and a positive ANA: not necessarily SLE. Alarcón GS. Jul/Aug 361

Asthma

Disturbing asthma statistics reflect suboptimal management (Grand Rounds). Grum CM. Mar 123

A practical guide for peak expiratory flow monitoring in asthma patients. Jain P, Kavuru MS. Apr 195

Atrial fibrillation

Cardioversion or rate control for atrial fibrillation: balancing risks and benefits (Cardiology Dialogue). Ellenbogen KA, Tchou PJ. Jan 31

Autonomic dysreflexia

Pitfalls in managing routine medical problems of patients with spinal cord injury (Grand Rounds). Frost F. Jul/Aug 352

Autonomic neuropathy

Chronic diarrhea in a 57-year-old woman with diabetes (Internal Medicine Board Review). Hussein WI, Reddy SSK. Feb 107

Azole agents

The role of azole antifungal agents for systemic antifungal therapy. Lee Y, Goldman M. Feb 99

B

Back pain

Low back pain: Living with ambiguity (Grand Rounds). Mazanec D. Sep 407

Biostatistics

Beyond statistics: What is really important in medicine? (Grand Rounds). Feinstein AR. Mar 127

Bite wounds

Management of bite wounds and infection in primary care. Kelleher AT, Gordon SM. Mar 137

Blood transfusions

Ethical perspectives on Jehovah's Witnesses' refusal of blood. Smith ML. Oct 475

Breast cancer

Stereotactic breast biopsy: A less-invasive option. Chilcote WA, Quinn CA. Nov/Dec 550

Building-related illness

Building-related illness and sick building syndrome: from the specific to the vague. Horvath EP. Jun 303

Bunions

Diagnosing and treating hallux valgus: A conservative approach for a common problem. Donley BG, Tisdell CL, Sferra JJ, Hall JO. Oct 469

C

Cancer chemotherapy

What primary care physicians should know about the toxicity of cancer chemotherapy. Markman M. Jun 331

Assessing and minimizing reproductive risks of cancer chemotherapy. Markman M. Oct 465

Cancer diagnosis

When and how to use serum tumor markers in clinical practice. Markman M. Jan 27

Cancer risk

Calculating cancer risk: It is harder than it seems. Markman M. Apr 220

Cancer, unknown primary site

The dilemma of evaluating and treating cancer of unknown primary site. Markman M. Feb 73

Cardioversion

Cardioversion or rate control for atrial fibrillation: balancing risks and benefits (Cardiology Dialogue). Ellenbogen KA, Tchou PJ. Jan 31

CARE trial

Lipid-lowering therapy for average lipid levels: The CARE trial. Sprecher DL. Mar 129

Carvedilol

Carvedilol for heart failure: Renewed interest in beta blockers. Young JB. Sep 415

Cholesterol-lowering therapy

Lipid-lowering therapy for average lipid levels: The CARE trial. Sprecher DL. Mar 129

Claudication, intermittent

Vascular claudication: How to individualize treatment. Gray BH, Sullivan TM. Sep 429

Clinical trials, oncologic

Ethical issues in clinical trials in oncology. Markman M. May 275

Cluster headache

Cluster headache (Letter). Olin JS. Jan 53

Communication

How to tell patients bad news: the strategy of "forecasting" (Grand Rounds). Maynard DW. Apr 181

Contact dermatitis

Managing latex allergy in patients and health care workers. Melton AL. Feb 76

Coronary artery disease

The Bypass Angioplasty Revascularization Investigation (BARI) trial: implications for clinical practice. Whitlow PL. Jan 17

Homocysteine: Update on a new risk factor. Ballal RS, Jacobsen DW, Robinson K. Nov/Dec 543

Lipid-lowering therapy after coronary artery bypass surgery: the Post-CABG trial. Stewart WJ, Hoogwerf BJ. Jul/Aug 347

Corticosteroids

Preoperative evaluation of a woman with rheumatoid arthritis (Internal Medicine Board Review). Litaker DG. Mar 133

Cost-effectiveness

Is intensive glycemic control worth the expense? (Grand Rounds). Eastman RC. Sep 410

Cushing's syndrome

Evaluating adrenal incidentalomas (Grand Rounds). Danese RD. Jun 287

Cyclospora cayentanensis

Cyclospora: update on an emerging pathogen. Gumbo T, Gordon SM, Adal KA. Jun 299

D

Decisional capacity

Can the patient make treatment decisions? Evaluating decisional capacity (Grand Rounds). Agich GJ. Oct 461

Diabetes mellitus

Gastric and intestinal dysmotility syndromes (Grand Rounds). Soffer EE. Feb 69

Chronic diarrhea in a 57-year-old woman with diabetes (Internal Medicine Board Review). Hussein WI, Reddy SSK. Feb 107

Troglitazone: a new antihyperglycemic agent. Speerhas RA, Reddy SSK. May 238

Is intensive glycemic control worth the expense? (Grand Rounds). Eastman RC. Sep 410

Diabetes and hyperlipidemia. New drugs for reducing cardiovascular risk in women. Thacker HL, Saadi H. Oct 493

Diarrhea

Chronic diarrhea in a 57-year-old woman with diabetes (Internal Medicine Board Review). Hussein WI, Reddy SSK. Feb 107

Cyclospora: update on an emerging pathogen. Gumbo T, Gordon SM, Adal KA. Jun 299

Digoxin

Digoxin's effect on mortality and hospitalization in heart failure: implications of the DIG study. Hobbs RE. May 234

Driving

The elderly driver: What physicians need to know. Foley KT, Mitchell SJ. Sep 423

Drug development

From serendipity to design: the evolution of drug development in oncology. Peereboom DM. Mar 155

Dyspepsia

H pylori 1997: Testing and treatment options. Falk GW. Apr 187

E

Elderly

The elderly driver: What physicians need to know. Foley KT, Mitchell SJ. Sep 423

Endotracheal intubation

Negative-pressure pulmonary edema: a cautionary tale. Eid AA, Agabani M, Grady K. Mar 151

Epilepsy

New treatment options for epilepsy (Grand Rounds). Morris HH III. Mar 125

Esophageal pH monitoring

Extraesophageal presentations of gastroesophageal reflux disease: the case for aggressive diagnosis and treatment. Richter JE. Jan 37

Esophageal ulcer

A 34-year-old woman with odynophagia and weight loss (Internal Medicine Board Review). Kolluri KR, Conwell DL. May 245

Ethics

Ethical issues in clinical trials in oncology. Markman M. May 275

Can the patient make treatment decisions? Evaluating decisional capacity (Grand Rounds). Agich GJ. Oct 461

Ethical perspectives on Jehovah's Witnesses' refusal of blood. Smith ML. Oct 475

Euthanasia

The constitutionality of physician-assisted suicide: the cases and issues before the US Supreme Court (Grand Rounds). Meehan MJ. Jan 13

F

Factitious disorders

Approach to adult patients with recurrent infections. Avery RK, Pasternack MS. May 249

Forecasting

How to tell patients bad news: the strategy of "forecasting" (Grand Rounds). Maynard DW. Apr 181

Fraud

Medical McCarthyism: Medicare, teaching hospitals, and charges of health care fraud (Editorial). Clough JD. Nov/Dec 517

Functional assessment

The elderly driver: What physicians need to know. Foley KT, Mitchell SJ. Sep 423

Fungal infections

The role ofazole antifungal agents for systemic antifungal therapy. Lee Y, Goldman M. Feb 99

G

Gallstones

Diagnosis and management of acute pancreatitis (Grand Rounds). Steinberg WM. Apr 182

Gastric dysmotility

Gastric and intestinal dysmotility syndromes (Grand

Rounds). Soffer EE. Feb 69

Gastroesophageal reflux disease

Extraesophageal presentations of gastroesophageal reflux disease: the case for aggressive diagnosis and treatment. Richter JE. Jan 37

Glycoprotein IIb/IIIa receptor antagonists

Reperfusion for acute myocardial infarction: 1997 and beyond (Grand Rounds). Topol EJ. Jan 9

Gout

The perils of nontreatment of hyperuricemia (The Clinical Picture). Hoffman GS. Apr 215

H

H pylori

H pylori 1997: Testing and treatment options. Falk GW. Apr 187

Hallux valgus

Diagnosing and treating hallux valgus: A conservative approach for a common problem. Donley BG, Tisdell CL, Sferia JJ, Hall JO. Oct 469

Headache

A 30-year-old woman with headache (published correction appears in Oct 460) (Internal Medicine Board Review). Skobieranda FG. Jun 293

National Headache Foundation: Standards of care for treating headache in primary care practice. Solomon GD, Cady RK, Klapper JA, Ryan RE. Jul/Aug 373

Heart failure

Carvedilol for heart failure: Renewed interest in beta blockers. Young JB. Sep 415

Digoxin's effect on mortality and hospitalization in heart failure: implications of the DIG study. Hobbs RE. May 234

Hepatitis

Fever, abdominal pain, and jaundice in a 43-year-old woman (Internal Medicine Board Review). Shetty K, Carey WD. Apr 216

Chronic hepatitis C: a clinical overview. Younossi ZM. May 259

Homocysteine

Homocysteine: Update on a new risk factor. Ballal RS, Jacobsen DW, Robinson K. Nov/Dec 543

Human immunodeficiency virus

A 34-year-old woman with odynophagia and weight loss (Internal Medicine Board Review). Kolluri KR, Conwell DL. May 245

A live-virus "suicide" vaccine for human immunodeficiency virus. Kestler HW, Chakrabarti BK. May 269

Hypertension

What's new in the treatment of hypertension. Gifford RW Jr. Mar 143

Hyperuricemia

The perils of nontreatment of hyperuricemia (The Clinical Picture). Hoffman GS. Apr 215

Hypothyroidism

Clinical implications of the interaction between hypothyroidism and the cardiovascular system. Saadi H. Feb 93

I

Iatrogenic injury

How physicians can prevent medication errors: practical strategies. Jones EH, Speerhas R. Jul/Aug 355

Immunodeficiency

Approach to adult patients with recurrent infections. Avery RK, Pasternack MS. May 249

Immunosuppressive agents

The uncertain role of immunosuppressive agents in Sjögren's syndrome. Linardaki G, Moutsopoulos HM. Nov/Dec 523

Incidentalomas, adrenal

Evaluating adrenal incidentalomas (Grand Rounds). Danese RD. Jun 287

Incontinence, female urinary

Evaluation and medical management of female urinary incontinence. Rackley RR, Appell RA. Feb 83

Infection control

Vancomycin-resistant *Staphylococcus aureus*: An emerg-

ing public health threat. Flores PA, Gordon SM. Nov/Dec 527

Infections, recurrent

Approach to adult patients with recurrent infections. Avery RK, Pasternack MS. May 249

Infertility

Recognizing the stress of infertility. Schover LR. Apr 211

Assessing and minimizing reproductive risks of cancer chemotherapy. Markman M. Oct 465

Informed consent

Can the patient make treatment decisions? Evaluating decisional capacity (Grand Rounds). Agich GJ. Oct 461

Intensive care

Stress ulcer prophylaxis: The case for a selective approach. Bobek MB, Arroliga AC. Nov/Dec 533

Interferon

Chronic hepatitis C: a clinical overview. Younossi ZM. May 259

Intermittent claudication

Vascular claudication: How to individualize treatment. Gray BH, Sullivan TM. Sep 429

J

Jaundice

Fever, abdominal pain, and jaundice in a 43-year-old woman (Internal Medicine Board Review). Shetty K, Carey WD. Apr 216

Jehovah's Witnesses

Ethical perspectives on Jehovah's Witnesses' refusal of blood. Smith ML. Oct 475

K

King, John Weaver

In memoriam. John Weaver King, MD, PhD. Hoeltge GA. Jan 52

L

Latex allergy

Managing latex allergy in patients and health care workers. Melton AL. Feb 76

Leukemia, acute

Inpatient management of acute leukemia. Kalaycio M. Jul/Aug 385

Lipid-lowering therapy

Lipid-lowering therapy after coronary artery bypass surgery: the Post-CABG trial. Stewart WJ, Hoogwerf BJ. Jul/Aug 347

Lobar hemorrhage

The shifting etiologies of lobar hemorrhage (The Clinical Picture). O'Donovan PB, Sila CA. Jun 330

Lyme disease

Myths and facts about Lyme disease. Sigal LH. Apr 203

M

Malaria

Travel medicine for the primary care physician. Mawhorter SD. Oct 483

Managed care

Every action causes a reaction: the inevitable backlash against managed care (Editorial). Clough JD. Jan 7

Chronic disease management and managed care: specialists have an important role (Editorial). Clough JD. Feb 67

Treating populations rather than individuals: the subtle danger of managed care (Editorial). Clough JD. Mar 120

The backlash against managed care (Letter). Homler H. Apr 177

Medical education

The new *Cleveland Clinic Journal of Medicine* (Letter). Camden D. Apr 177

Do today's medical residents really have it better? (Commentary). Michota F. Oct 457

Medicare

Medical McCarthyism: Medicare, teaching hospitals, and charges of health care fraud (Editorial). Clough JD. Nov/Dec 517

Medication errors

How physicians can prevent medication errors: practical

strategies. Jones EH, Speerhas R. Jul/Aug 355

Metastatic cancer

The dilemma of evaluating and treating cancer of unknown primary site. Markman M. Feb 73

Migraine

A 30-year-old woman with headache (published correction appears in Oct 460) (Internal Medicine Board Review). Skobieranda FG. Jun 293

National Headache Foundation: Standards of care for treating headache in primary care practice. Solomon GD, Cady RK, Klapper JA, Ryan RE. Jul/Aug 373

Monoclonal gammopathy of unknown significance

A 68-year-old woman with high serum protein and no symptoms (Internal Medicine Board Review). Abdel-Razeq H, Bolwell BJ. Sep 403

Myocardial infarction

Reperfusion for acute myocardial infarction: 1997 and beyond (Grand Rounds). Topol EJ. Jan 9

Detecting and preventing ventricular remodeling after MI. Popović AD, Thomas JD. Jun 319

O

Obesity

The protein-sparing modified fast for obesity-related medical problems (Grand Rounds). Walters JK, Hoogwerf BJ, Reddy SSK. May 242

The protein-sparing modified fast for obesity-related medical problems (Letter). Frank A. Sep 444

The protein-sparing modified fast for obesity-related medical problems (In Reply). Walters JK, Hoogwerf BJ, Reddy SSK. Sep 445

Obstructive sleep apnea

Experiences of a sleep disorders center: 1700 patients later. Mendelson WB. Jan 46

Organized medicine

A proper role for organized medicine in a new era (Editorial). Clough JD. May 232

Organized medicine (Letter). McBride P. Jul/Aug 390

Organized medicine (Letter). Peterson AA. Jul/Aug 390

A proper role for organized medicine in the new era (Letter). Molstad CL. Sep 445

A proper role for organized medicine: The AMA response (Letter). Seward PJ. Oct 455

A proper role for organized medicine: The AMA response (In Reply). Clough JD. Oct 456

P

Pancreatitis, acute

Diagnosis and management of acute pancreatitis (Grand Rounds). Steinberg WM. Apr 182

Panic disorder

Panic disorder in primary care: A cause of unexplained symptoms. Muzina DJ, Malone DA. Sep 437

Peak expiratory flow monitoring

A practical guide for peak expiratory flow monitoring in asthma patients. Jain P, Kavuru MS. Apr 195

Peptic ulcer disease

H. pylori 1997: Testing and treatment options. Falk GW. Apr 187

Percutaneous transluminal coronary angioplasty

The Bypass Angioplasty Revascularization Investigation (BARI) trial: implications for clinical practice. Whitlow PL. Jan 17

Photodamage, treatment of

Cosmetic use of alpha-hydroxy acids. Bergfeld WF. Jun 327

Physician-assisted suicide

The constitutionality of physician-assisted suicide: the cases and issues before the US Supreme Court (Grand Rounds). Meehan MJ. Jan 13

Physician-patient relations

How to tell patients bad news: the strategy of "forecasting" (Grand Rounds). Maynard DW. Apr 181

Population medicine

Treating populations rather than individuals: the subtle danger of managed care (Editorial). Clough JD. Mar 120

Porphyria cutanea tarda

A 52-year-old woman with skin lesions and liver function abnormalities (Internal Medicine Board Review). Daw H, Isaacson JH. Nov/Dec 520

Professional societies

A proper role for organized medicine: The AMA response (Letter). Seward PJ. Oct 455

A proper role for organized medicine: The AMA response (In Reply). Clough JD. Oct 456

Protein electrophoresis

A 68-year-old woman with high serum protein and no symptoms (Internal Medicine Board Review). Abdel-Razeq H, Bolwell BJ. Sep 403

Proton pump inhibitors

Extraesophageal presentations of gastroesophageal reflux disease: the case for aggressive diagnosis and treatment. Richter JE. Jan 37

Pulmonary alveolar proteinosis

Nonresolving alveolar infiltrates in a 43-year-old woman (Internal Medicine Board Review). Murphy TR, Sullivan EJ, Stoller JK. Jan 21

Pulmonary edema

Negative-pressure pulmonary edema: a cautionary tale. Eid AA, Agabani M, Grady K. Mar 151

Q

Quality of care

Every action causes a reaction: the inevitable backlash against managed care (Editorial). Clough JD. Jan 7

R

Radiculopathy

Low back pain: Living with ambiguity (Grand Rounds). Mazanec D. Sep 407

Reproductive function

Assessing and minimizing reproductive risks of cancer chemotherapy. Markman M. Oct 465

Respiratory distress syndrome, adult

Adult respiratory distress syndrome (ARDS): current management, future directions. Wiedemann HP, Tai DY. Jul/Aug 365

Rheumatoid arthritis

Preoperative evaluation of a woman with rheumatoid arthritis (Internal Medicine Board Review). Litaker DG. Mar 133

Right to die

The constitutionality of physician-assisted suicide: the cases and issues before the US Supreme Court (Grand Rounds). Meehan MJ. Jan 13

Risk factor reduction

Diabetes and hyperlipidemia. New drugs for reducing cardiovascular risk in women. Thacker HL, Saadi H. Oct 493

S

Sciatica

Low back pain: Living with ambiguity (Grand Rounds). Mazanec D. Sep 407

Selective serotonin reuptake inhibitors

Panic disorder in primary care: A cause of unexplained symptoms. Muzina DJ, Malone DA. Sep 437

Septic arthritis

Management of bite wounds and infection in primary care. Kelleher AT, Gordon SM. Mar 137

Serum tumor markers

When and how to use serum tumor markers in clinical practice. Markman M. Jan 27

Sick building syndrome

Building-related illness and sick building syndrome: from the specific to the vague. Horvath EP. Jun 303

Sjögren's syndrome

The uncertain role of immunosuppressive agents in Sjögren's syndrome. Linardaki G, Moutsopoulos HM. Nov/Dec 523
